## COMPETITION PROCEDURES

The Los Angeles Area Emmy Awards are under the jurisdiction of the Television Academy, a professional association based in Los Angeles. Over 22,000 members of the Academy represent all areas of television production and administration. In addition to the Los Angeles Area Emmys, the Television Academy has jurisdiction over the Primetime Emmy Awards and the Academy Honors.

The rules, procedures and conduct of the Los Angeles Area Emmys are the responsibility of the Awards Committee, which is comprised of Los Angeles Area news and program directors. The committee is co-chaired by Beatriz Gomez and Paul Button. The Vice Chair for the Los Angeles Area peer group is Mitch Waldow.

Through a series of committee meetings held in the fall of each year, the rules, procedures and calendar for the annual competition are determined. The online entry period begins December 14, 2016 and ends January 25, 2017, 5pm.

All entries are then verified for eligibility and proper placement in the appropriate categories. Eligible entries are printed on category-by-category ballots and packaged together with the corresponding judging materials and judging instructions in preparation for at-home judging.

Ballots will be sent to the Television Academy's active peer group members for judging. Nominees and winners are chosen by judges within the Television Academy's active membership peer groups.

Nominees are announced on June 8, 2017. All nominees are invited to attend the awards presentation on July 22, 2017. Nominees who are active members are entitled to **one** complimentary ticket to the awards presentation. Nominees are issued nomination certificates, and Emmy winners receive the Emmy Award. The award is a gold-plated statue that depicts the muse of art uplifting the atom of science. The purpose of the award is to recognize outstanding achievements in the arts and sciences of television. Winners may purchase production certificates recognizing those who materially contributed to the winning achievement.

<b>RULES AND PROCEDURES</b>
-----------------------------

**1. AWARDS YEAR: JANUARY 1, 2016 - DECEMBER 31, 2016**

**2. GENERAL INFORMATION**

**2a.** Entrants need not be Television Academy members.

**2b.** Entrants must be credited on the program or individual achievement that is being entered, e.g., a writer who is credited for writing a program may enter his/her achievement in the appropriate category but may not additionally enter on behalf of the director in a directing category unless he/she is also credited as being the director.

**2c.** There will be no changing as-aired credits in order to give eligibility to an individual who did not have an eligible title, except in cases where there was an oversight confirmed by a program's executive producer, producer and engineer in charge (EIC).

**2d.** It is a general principle of this contest that a single achievement is limited to a single bid for an Emmy. This principle requires that every entrant place his/her achievement in only one category, e.g., a producer may enter a program in the category for Live Special Events but may not also enter that program in the Entertainment Programming category.

**2e.** Any individual with an Emmy-eligible title may initiate an entry or add himself/herself to an entry made by someone else; however, the final categorization of the program entries is determined by the stations and awards committee.

**2f.** Entries must have originally broadcast within the Los Angeles market during the calendar year 2016.

**2g.** Entries must have been produced, financed and controlled by a Los Angeles area television station, its broadband component or CATV system. Programming must have a broadcast commitment and be engaged from the creative and financial get-go with a Los Angeles station, its broadband component; or another authorized broadband platform or CATV system in order to be eligible for this competition. Programming must have been produced solely for the Los Angeles market. Programming outside of the above parameters that is merely acquired for Los Angeles broadcast is not eligible, except in Category 2, Independent Programming.

**2h.** Entries produced for syndication or network are not eligible.

**2i.** A program that is syndicated or networked after it has fulfilled the requirements for Los Angeles eligibility does not lose that eligibility as a consequence of being syndicated or networked.

**2j.** Telethons for the purpose of political fund-raising are not eligible. A political fund-raiser telethon is defined as a program that is formatted around appeals for television-audience donations to a political party or political cause. Non-political telethons that meet LA Area eligibility rules are eligible to be entered in an appropriate specials category. In a case where there is a cut-away from a national, non-political telethon to a locally-produced segment, the locally produced segment is eligible in an appropriate segment category.

**2k.** Entries may not contain more than 25% continuous, unedited or unchanged footage of pre-production from another source, e.g., a program comprised of a feature film with host wrap-arounds is not eligible, whereas a program that includes more than 25% file footage that has been re-dubbed with a locally-produced audio track is eligible.

**2l.** Entries must present the program as broadcast, with the commercials removed and replaced by three to five seconds of black.

**2m.** A synopsis (**not a sales pitch**), or a breakdown of program elements may be included with each entry. 50 words or less.

**2n.** A category that receives six or more entries is a single, must-give award that is the result of head-to-head competition with the highest vote-getter receiving an Emmy. The number of nominations will not exceed 1/3 the number of the category entries, with the understanding that there will always be a minimum of two nominations per category. Where there are five or less entries in a category, any entry that gets a 2/3 approval receives a nomination. Highest vote-getter wins.

**2o.** Spanish language submissions do not require English subtitles or paper transcripts. Spanish language entries will be judged by active members of the Television Academy who are fluent in Spanish. Judging of entries made in other languages are subject to the availability of judges who speak the language of the entry; therefore, it is generally the case that these entrants submit a paper transcript in English.

### **3. COMPOSITING RULES**

**3a. SPECIALS:** A "special" is a program broadcast in one or two parts. The entire program as broadcast must be submitted. Entries that run more than 60 minutes, must be composited 50-75 minutes in length (see rule 3d). Commercials must be replaced with three to five seconds of black. A written breakdown of the program elements may be included with the entry.

**3b. EPISODIC SERIES WITH TYPICAL EPISODE LENGTH OF 60 MINUTES OR LESS:** A "series" is defined as three or more programs under the same series title. Composited segments must have no internal editing. The composite must include one separate segment from any three separate episodes (entrant's choice), for a total of three segments, not to exceed the normal running time of the series episode.

**3c. EPISODIC SERIES WITH TYPICAL EPISODE LENGTH OF MORE THAN 60 MINUTES:** If the series episodes typically have a running time of more than 60 minutes, e.g., "Dodger Baseball," the entry must be of a single episode, e.g., one baseball game must be composited. The composite must be 50-75 minutes in length with no internal editing. The program units do not have to be contiguous but must be sequenced in the same order as they appeared in the segments or reports. Commercials must be replaced with three to five seconds of black. A written breakdown of the program elements may be included with the entry.

**3d. SEGMENTS OR REPORTS THAT RUN LONGER THAN 60 MINUTES:** Entries for segments or reports that are broadcast in multiple parts with a running time of more than 60 minutes must be composited. The composite must be 50-75 minutes in length with no internal editing. The program units do not have to be contiguous but must be sequenced in the same order as they appeared in the segments or reports. Each program unit must be separated by three to five seconds of black. A written breakdown of the program elements may be included with the entry.

**3e. INDIVIDUAL ACHIEVEMENT:** For entries in categories 38-50. Only one entry per individual. The individual must submit a compilation video that includes two to five segments of his/her best work for the year. The composite is intended to convey to the judges the scope or range of an individual's craft contribution to a particular program, series or segment (two to five separate segments from separate programs/newscasts, entrant's choice).

All entries must be edited back-to-back (straight edits) with no post production enhancements or internal editing, e.g.,

effects, music or narrative. Composites must not exceed a total of 30 minutes. The entry must be submitted with titles of each segment (two to five segments) and air dates of each segment.

#### **4. SPECIAL RULES FOR EPISODIC SERIES ENTRIES**

**4a. PRODUCER ELIGIBILITY:** If a series has six episodes eligible in the current eligibility year (2016), all producers are eligible and may be entered jointly. If a series has seven or more eligible episodes, only those series and segment producers who worked on 40% or more of the episodes or one or more of the segments submitted for Emmy judging are considered Emmy-eligible and may enter the competition.

In either case, the producer who makes the entry must list the names of all other eligible producers.

**4b. SPECIALS WITHIN SERIES:** Series episodes that focus on a single topic or are otherwise considered "special" may be withdrawn from the series and entered as specials. **Please note: a "special episode" is a program broadcast in one or two parts and is a different format, title or length from a regular series episode.** Any episode that is entered in a category for specials is no longer counted with or considered part of the series, i.e., a series episode cannot be moved to a specials category and retained as part of the series - it has to be one or the other. All entries are subject to approval by the awards committee.

**4c. SERIES WITHIN SERIES:** Three or more series episodes that have a single topic and are clustered as a "series within a series" may be entered as a separate series. For example, a series of seven episodes may have the topics A, B, C, D, D, D, and E. Since the "D" episodes are like one another and different from the rest of the episodes, they may be entered separately in an appropriate series category.

#### **5. NEWS CATEGORIES**

Entries made in the news categories must have aired within a live daily newscast.

#### **6. PROGRAMMING CATEGORIES**

Entries made in the programming categories must be from programming that is not aired within a live daily newscast.

**7. DESIGNATED NEWS DAY STATION AWARDS FOR REGULARLY SCHEDULED DAILY NEWSCAST: "MORNING", "DAYTIME" AND "EVENING" NEWS CATEGORIES:**

Entries made in these categories must have aired within a live daily newscast. The eligibility period for these categories is restricted to **November 23, 2016.**

**8. EXECUTIVE & ASSOCIATE PRODUCER ELIGIBILITY**

Executive and Associate Producer(s) may join the producer(s) as eligible entrant(s) in those cases where they are actively and intimately involved in the program and are verified as such by the appropriate Program or News Director during the verification process.

**9. ERRORS OR OMISSIONS**

The deadline for errors or omissions in the listing of entries is February 2, 2017, 5:00pm. Nominations will be announced June 8, 2017. The deadline for correcting errors in the listing of nominations is June 14, 2017, 5:00pm. Except for those cases where the omission of a name is a Television Academy error, no names will be added to a nomination.

**10. COMMEMORATIVE EMMY STATUES:**

Individuals with Emmy-eligible titles, stations, studios or production companies may order a statue to honor their participation in an award-winning achievement for display if they are credited on that Emmy Award-winning achievement (limited to Categories 1 through 37). The statue is engraved the same as the official, winner's Emmy Award but includes the word "commemorative." Commemorative Emmy statues may not be used to claim an Emmy Award-winning achievement; rather, they are only meant to commemorate the achievement.

**11. EMMY-ELIGIBLE TITLES:**

ASSIGNMENT EDITOR & ASSIGNMENT MANAGER (Categories 23, 35, 36 & 37 only) ART DIRECTOR, ASSOCIATE DIRECTOR, CAMERA, COMPOSER, DIRECTOR, EDITOR, ENGINEER IN CHARGE (EIC) (Categories 15, 16, 19 and 20 only) GRAPHIC DESIGNER, LIGHTING DIRECTOR, MAKE-UP, NEWS TECHNICAL OPERATIONS CENTER ENGINEER ("T.O.C.") 1. Each entrant agrees that any film, tape recording, screenshot or supplemental printed material that is furnished to the Academy in connection with an entry may be retained by the Academy for file, reference and archival purposes and may be viewed partially or in its entirety for judging purposes and within the presentation and/or live webcast of the Los Angeles Area Emmy Awards presentation. It is the responsibility of the individual uploading a video(s) that all elements listed on the entry are included and are complete at the time of video upload. All entries must be edited back-to-back (straight edits) with no post production enhancements or internal editing, e.g., music or narration.

2. All of or portion (i.e. "clips") from any such film, tape recording, screenshot or supplemental printed material may be used on or in connection any internet exhibition of such films, tape recordings, screenshots or clips from the same and/or supplemental printed material and use in connection with promotional announcements or other promotional activities for any of the foregoing; use of such films, tape recordings, screenshots or clips from the same and/or supplemental printed material shall be subject to the clearance of any parties other than the entrant that may be required.

<b>AT- HOME JUDGING</b>

Judges who have a conflict of interest with an entry will not be permitted to vote within the entry category. Judges are required to sign a voter affidavit. The voter affidavit will read:

**By signing this affidavit I affirm that (a) I have watched at least 50% of each video and (b) I have acted fairly and without bias in evaluating each video and (c) I have not and will not disclose how I voted on any of the entries I have viewed. I further affirm that neither I nor any member of my family has been directly responsible for the development or production or exhibition of any of the entries that I am judging.**
